BETHEL, MAINE, THURSDAY, JUNE 9, 1983

From the Bethel Town Office

The Board of Selectmen met Monday evening, June 6, in the Town Office Meeting Room.

At the invitation of the Board, Woodstock First Selectman Francis Bean, acting for the Woodstock Board, met to discuss plans to clarify the markings along the Bethel/Woodstock town line. In recent years, old markers that were never removed have caused confusion, claims and counter-claims among some Bethel and Woodstock property owners. If the Woodstock Selectmen agree to the plan, the Bethel/Woodstock town line would be "walked off" by representatives of Bethel and Woodstock this fall in accordance with the Commonwealth of Massachusetts 1796 act incorporating Sudbury Canada (later renamed Bethel) and the 1873 court case settling all claims and reaffirming the original Woodstock/Bethel boundary. The chairman thanked the referendum for the proposed new school in Woodstock, and a vote on re-opening the Woodstock Elementary School Annex to avoid scheduling students on the top floor of the three story wood-frame structure.

Other agenda items include: appointment of a Library/Media Specialist; second reading of board policies dealing with student suspensions, and drug and alcohol abuse; posting of all athletic positions for the 1983-84 school year; approval of several honoraria for S.A.D. 44 faculty members participating in workshops over the summer; elimination of an aide's position at Andover Elementary School; creation of a teaching position at Andover Elementary School; and the reappointment of Patricia Pratt as Coordinator of Pupil Personnel Services.

S.A.D. #44 BOARD TO MEET AT WOODSTOCK SCHOOL MONDAY EVENING, JUNE 13

The Board of Directors of S.A.D. 44 will meet at 7:30 next Monday evening, June 13 at the Woodstock Elementary School, Bryant Pond. The Woodstock School is the site of Monday's meeting because two items of business deal with the school's future: a formal vote regarding the reactivation of the referendum for the proposed new school in Woodstock; and a vote on re-opening the Woodstock Elementary School Annex to avoid scheduling students on the top floor of the three story wood-frame structure.

WOODSTOCK TOWN PARK COMMITTEE PLANS PICNIC

The Woodstock Town Park Committee met recently at the Woodstock Town Hall to finalize plans on the upcoming Special Town Meeting to vote on a proposed acquisition of land across from the town beach located at the head of Lake Christopher.

Marcel Polak discovered after checking with the Department of Conservation, that state money is available for half of the purchase price of the land. Mr. Polak found out that the state and federal money is not available for road construction.

The Committee felt it appropriate to bring the proposal before the voters to appropriate \$7,000 (half of the asking price) for a future park in the town of Woodstock. Committee members also discussed the idea of having the residents vote on a name the night of the Town Meeting. Suggestions were either the Lake Christopher Memorial Park or the Woodstock Memorial Park. The Conservation Commission has agreed to be in charge of cleaning up the proposed park.

To further explore the idea of a Town Park, the committee is inviting everyone from the Town of Woodstock to a picnic on Sunday, June 19, at 12:30 noon on the proposed site. Owner Ted Olson has agreed to the use of his land for this purpose. The picnic will be a pot luck picnic, with families bringing their own food, place settings, and drinks (non-breakable containers please). Swimming is available at the public beach. Tri-Town Ambulance will be on hand with a safety demonstration. Also

THIS WEEK AT THE MOSES MASON HOUSE

On Saturday, June 4, about 70 members of the Historical Society toured the Moses Mason House following the annual meeting held this year at the Bethel Inn.

New members this week are Paul McGuire, Ralph and Beatrice Burris, all of Bethel.

Another contribution to the endowment of the Bethel Historical Society has been made by the Howe family in memory of Gertrude Hastings.

SEAN KERSEY RECEIVES BAUSCH & LOMB AWARD

Sean Kersey of Paradise Road, Bethel, was named winner of the annual Bausch & Lomb Science Award last week at Telstar Regional High School. The Science Award—a handsome bronze medal—is presented each year to winners at more than 8,600 participating schools throughout the United States and Canada.

"The Bausch & Lomb Science Award is especially significant," according to Warren Bouchard, the senior student at our school who has attained the highest scholastic standing in science subjects."

lowest level at Woodstock School. These changes will remove all students from the top floor of the School, which will help address some of the concerns of safety that many parents have. However, the re-opening of the annex will also result in modest increases in maintenance and fuel costs, and will not remedy the other notable deficiencies at Woodstock. For example, instead of students having to walk up and down two flights of stairs in order to get to their school lunch, they will instead have to walk out of doors.

In a related issue, the Board will act on a proposal to reopen the Woodstock School Annex, which will remove students from the top floor of Woodstock Elementary School. Under this proposal, developed by John Freeman, Woodstock School Principal, with assistance of the parents group, the 2nd and 3rd grade students would have their classes in the annex, with the library relocated to the corridor of the annex. The Special Education class, currently located on the top level at Woodstock School, would move to the second level of the school, with the faculty work center moving to the top floor. Remedial reading instruction would be relocated to the Kindergarten room, which is on the

M. S. A. D. #44 SUPERINTENDENT'S NEWSLETTER

Dr. Wayne F. Gersen

For the past three years, one of the goals of the Board of Directors has been to deal with upgrading the elementary school facilities in S. A. D. 44. To that end, the school district used matching state funds to make each of the elementary schools more energy efficient, completed energy audits and feasibility studies on each of the elementary schools, invested over \$40,000 on renovations to Crescent Park and Andover Elementary Schools, conducted a referendum on the replacement of the Woodstock Elementary School with a new facility, and applied for matching federal funds to install a multi-fuel burner at Crescent Park School.

In the past three years, the elementary Schools in the district have been significantly improved, with the exception of Woodstock Elementary School, where the referendum for the proposed Woodstock School failed last November. At their most recent meeting on May 23, the Board discussed the reactivation of the Woodstock project, and took a straw vote of those present on the future of the building proposal. At their regularly scheduled meeting on Monday, June 13, the Board will take a formal vote on the reactivation of the Woodstock project. Among the options the Board will consider in their action are: submitting a building proposal to the State Board of Education on July 13, 1983; submitting a building proposal to the State Board of Education at the earliest possible date after July 1983 (either February 1984 or July 1984); or, tabling any action regarding the reactivation of the project indefinitely.

In a related issue, the Board will act on a proposal to reopen the Woodstock School Annex, which will remove students from the top floor of Woodstock Elementary School. Under this proposal, developed by John Freeman, Woodstock School Principal, with assistance of the parents group, the 2nd and 3rd grade students would have their classes in the annex, with the library relocated to the corridor of the annex. LOCKE MILLS UNION CHURCH HOSTING "PARSONAGE FUND" POT LUCK SUPPER JUNE 19

Locke Mills Union Church will host a community "Parsonage Fund Pot Luck Supper" on June 19, at 6 p. m. The supper will herald the official kick-off of a \$25,000 fund drive to finance the first parsonage for the 100-year-old Community Church.

Trustees of the church hope to avoid a high interest bank loan by asking members and friends of the church to purchase \$100 and \$500 promissory notes to be paid back at 6% per annum as the money is raised.

June 1, Rev. Michael Caldwell, minister of the church moved into the new parsonage, the former Jimmie Kimball house on Knoll Road. Money for the mortgage is due July 1. Through donations and former fund raisers, \$7,000 is presently available.

Persons interested in purchasing notes or making outright donations are invited to bring their appetites and checkbooks to the supper on June 19 and share in Fellowship as the history of the second 100 years of the church begins. Individual place settings and a casserole, salad or dessert should also be brought to the supper.

Persons unable to attend the supper or wishing more information may contact trustees Richard Melville, Ellsworth Hathaway, Margery Swan and Phillip Farrington.

— Mrs. Colista Morgan, Corres. —

I love the seasons but I am especially greedy for spring. This week I set out to catch this new season, for scenes drifted across the screen of memory. I can never discover the connection between any one scene and what I am more consciously thinking, nor can I ever conjure the scene back in full vividness but many come and go.

The sky was deep and distant, laced with puffy clouds.

Nature is enjoyed at its serene best by walking. One can then make more discoveries in an hour than those who rush the highways can make in a year.

Sometimes an unused road with no more than a pair of dusty ruts with a ridge of grass, dandelions, and plantain between can be most interesting like the one I took today up to Hayes Mountain.

A chipmunk scurried across my path and I wondered if he or she came from home.

The noisy twittering of birds just over the fence drew my attention while the blue violets looked up at them from the grass.

Vines were clinging by tendrils to the weathered silver-gray wooden posts which held the barbed wire of the fence.

The Mayflies were out; the first I had seen while a few spotted butterflies flitted from one blossom to the next.

The road to summer is any trail leading through the emerald woodlands, so many colors, so many things that no one could better describe it than did Stanley Foss Bartlett in his poem from "Silent Songs" called "Calico".

On pasture slope, by mountain trail
Walks spring in laurel dress;
The cricket sings beside the foot,
The bluebird on her breast.

I should not know her in the hills
In any other frock
Than calico of rose glow
And green of mallow-dock.

As thru the waking woods I walk,
Step timed to partridge drum,
I catch a glimpse of calico
And know that spring has come.

I sat beneath a tree with my back against a rock, while before me shone the brook. Beyond the opposite shore were trees and trees. I like trees, I live with them so I thought about them... how they extend impressively in both directions up and down, shearing rock and fanning air.

I leaped the brook with no thought that I might not make it, went beyond them back soon to the fields. The shadows pooled the valley; washing up a far cliff on the mountains then obliterated them in a deluge of shadow-leaks, into the sky.

Before entering Mosquito Lane I again stopped; this time to listen to the Bob-o-links. Their violins were in tune and every melody something to cherish. As I left the field I caught their faint jingling melody, again, over a hay-field on the other side of the wall.

I found when nearly home that Mosquito Lane had experienced the return of its summer visitors.

This day was mine with its sunshine rare and I had lived it in the land of mountains, the shadows of the valley, and the welcome sunshine.

This poem by Ethel Romig Fuller called "Proof" I enclose for a dear friend who has just returned from surgery again and was

Goodbye to you our trusted friend
We've known each other since
were nine or ten;
Together we've climbed hills a trees,
Learned of Love and ABCs;
Skinned our hearts and skinned our knees.

Goodbye my friend, it's hard to die;
When birds are singing in the sky
Love is everywhere, the sun
I wish that we could both be there
We had Joy we had fun,
We had seasons in the Sun
But the hills that we climbed were just seasons out of time;
And the stars we could reach were just starfish on the beach
All our lives we had fun,
We had seasons in the sun,
But the wine and the song,
Like the Seasons, have all gone

What miserable weather over Memorial. It was hard to find a time to go to the numerous grave plots without getting wet. I finally got up to the Pingree lot Saturday in the sunshine; and a West Paris lot, too.

A group of Grangers catered to Mr. and Mrs. Kendall Keniston's wedding reception at Bryant Pond town hall on Saturday, May 29. There was a large group attending.

Esther Davis was in Brunswick Thursday, where she visited Velma Davis in the nursing home. Velma is quite poorly. Esther, then, drove to Harpswell where she visited Mr. and Mrs. Lilley, the daughter of people Esther worked for a long time ago. She had a very enjoyable visit with them.

Mr. and Mrs. Thomas Schroer and family have moved to their new home, recently purchased in Shelburne, N.H.

Richard Felt helped entertain Auburn Senior Citizens at the Auburn unit Saturday, May 29.

Esther Davis was in Carthage at her family lot Saturday.

Sunday I visited the Davis lots in West Paris yard, South Paris to Hebard and Swan lots. Then at North Bridgton I tended the Bryant, Foster and my brother, Leonard, Pingree lots. Then I spent the rest of the day with Mr. and Mrs. Arthur Andrews and Lillian Harmon. Mrs. Hooven and two girls came in to visit too. Mark Andrews arrived later and so we enjoyed part of the Andrews family.

The Abbots have had their apple orchard sprayed by airplane several times this spring so this fall there should be a large crop. The trees have blossomed well and if the rain doesn't prevent the bees from doing their part, there should be a beautiful crop.

Mr. Blood charged the graduates with the responsibility of displaying their diplomas proudly, encouraging others to return to school, and asked that all those present express their admiration and love openly toward the graduates.

One long year has passed

Since God took you away

It is so lonesome here without you

We miss you more each day

A golden heart stopped beating

And you were then at rest

It was so hard to let you go

But God always does what's best

We think of you in silence

And make no outward show

For what it meant to lose you

No one will ever know

IDENTIFICATION NIGHT AT WOODSTOCK HISTORICAL SOC.

This Saturday's meeting of the Woodstock Historical Society will be at the old museum in the Elementary School annex, the opening meeting of the summer season. Paul Billings of the Entertainment Committee has organized an Identification Night. The purpose is to get familiarized with the Society holdings again. Since even the museum staff do not know what questions will be asked, they should be as mystified as anyone. Patrons of the museum are reminded that books may be signed out for one month (Woodstock residents only) unless they are on reserve.

Recent donations have come from Dot Russo, Spike Noyes and Larry Billings. Annie Crockett is watching the museum on Saturdays from 1-4 p. m. in the month of June. Stock stationery, post cards, pencils and T-shirts are on sale. For Woodstock High graduates, yearbooks and sports pictures are displayed in the museum. Acquisitions do remain in the museum so they will be available to visitors over the summer. Copies are rarely made.

Members, please note, payment of your 1984 dues (only 10 more will make your Unit 100%) within the next few days would be a morale booster for your Unit at convention time.

Members are reminded that there will be no meetings of the Mundt-Allen Post and Unit on June 14 due to the Oxford County Council meeting in Norway.

OUR 20th YEAR

West Paris

— Mrs. Marian Chase, Corres. —

To West Paris High School graduates years 1948, 1949 and 1950. Since June 11, 1983 is the date of the annual West Paris High School Alumni Banquet, a few of us from the class of 1949 thought it would be fun to get an early start at 10 a. m. with a picnic at Abbott's Anchorage in Bryant Pond. We chose the early start time so everyone will attend the Alumni Banquet the same evening.

We are sending out copies of this invitation to each classmate and their spouses for the years 1948, 1949 and 1950. It is also our intention that any interested graduates of W.P.H.S. either before 1948 or after 1950 join the party, so those of you who receive their invitation should spread the word around.

Everyone should bring their own food and drinks, fireplaces and wood will be furnished. Bring your own barbecue and charcoal if you wish. Swimming, volleyball and horseshoes are available for those who are sports minded.

We are hoping everyone will attend so we can have a real celebration. Teachers will be invited also. If there are any questions please contact one of the following: Richard Abbott, South Paris; Warren Emery, West Paris; Beverly Glines, 10 Fern St., Norway.

Mrs. Joyce Lamb has returned home after two months in the Peace Corp.

Mr. and Mrs. Odell Heath visited Mr. and Mrs. Eddie Legere in Orono over the week end.

Mrs. Lenwood Buck entered Stephens Memorial Hospital for tests on Saturday.

Mr. and Mrs. Randy Chase and Becky, Mr. and Mrs. Rick Chase, Ricky and Chad, Mr. and Mrs. Nestor Ruokolainen, Lisa, Karen, Angela and Jennifer, were supper guests of Mr. and Mrs. Everett Chase on Saturday night. Randy and Becky were observing birthdays.

NOTES FROM**Evans Notch**

White Mountain National Forest

The Bog Brook area on the Evans Notch District of the White Mountain National Forest was the scene of a search and rescue mission last Saturday. Shortly after 7 a. m. Maureen Koegler became separated from her group of back-country campers. Personnel from the District assisted the Maine Department of Inland Fisheries and Wildlife in an afternoon search.

Forest Service employee Ed Howe found Mrs. Koegler within the search area shortly before 6 p. m. While hypothermia had been a concern with the wet, cold weather, Mrs. Koegler was in good condition except for being tired, wet and hungry. Maine Warden Mike Leighton, led the search and was supported by eight District employees, two deputies from the Oxford County Sheriff's Department, and several volunteers.

Two District positions are open for students who qualify for the College Work-Study Program at the University of Maine or at Unity College. The positions are in recreation management and provide employment for up to 12 weeks this summer. Local college students who qualify for the Work-Study Program are asked to contact Assistant Ranger Rick McVey.

The Deer Hill Road (Evergreen Valley Road to Route 113) has been reopened to public use. The road has been closed for the last two years due to extraordinary traffic generated by the salvage program. Logging trucks and road maintenance equipment will be traveling the road and visitors are urged to drive with caution. In a related note, the Great Brook Road in Stoneham has been reopened for the summer.

Timber Management Assistant Jerry Fitzgerald, has been reassigned to the Ottawa National Forest at Bessemer, Mich. Jerry will serve as a silviculturist, or tree growing specialist. A replacement has not yet been named.

The inlet structure on Basin Dam in North Chatham, N. H. has been targeted for repair. One of the plates holding the sliding gate has malfunctioned. An interdisciplinary team consisting of personnel from the Forest Service, Fish and Wildlife Service, New Hampshire Fish and Game and Water Resources Board has been requested to address methods of accomplishing the repair work while protecting the outstanding native trout population in the pond.

An angler survey will be conducted by the Maine Department of Inland Fisheries and Wildlife at Crocker and Round Pond this summer. Much information has been gathered the last two years about the declining fishery at Crocker Pond. Information gathered about fishing success will enable managers to develop a management plan for the pond. Concerned citizens who have expressed their views about the pond have been helpful. Continued participation will be appreciated.

In volunteer news, Jim and Clara Bishop are back for their third season as campground hosts at Basin Campground. Earl and Eva Rogers of South Paris, will return as hosts at Hastings Campground. Mike Caldwell of Locke

— Mrs. Ralph Kimball, Corres. — Jimmy Kimball returned home last week from the Osteopathic Hospital, Portland, feeling much better and able to walk comfortably.

Lisa Barker is staying with her grandmother, Christine Kimball, while she has employment at the Olde Rowley Inn in North Waterford.

Mr. and Mrs. Jack Parsons had as overnight guests Saturday Mr. and Mrs. Randy West of North Berwick.

I returned home Friday afternoon after spending the week with the Bean family in Otisfield. Amber and David Bean came home with me then spent Friday night and Saturday with the Herb Adams family in Hanover.

Congratulations to the neighbors who received certificates and awards at the Adult Education graduation and also to the Albany students who are members of Telstar's graduating class.

Mrs. Christine Kimball hosted a housewares party Saturday at her home. She will go to Monmouth Wednesday to attend her niece's graduation from Monmouth Academy and will spend the night with her mother, Mrs. Iva Burgess.

Mrs. Ethel Herr and Mrs. Millicent Wentzell have arrived back to their summer cottages here. Jimmy and Christine Kimball were in Harrison Tuesday for his doctor's appointment.

Mrs. Connie Hindman with the Awatts from Augusta returned home late Tuesday from their trip to Virginia to attend the graduation of John Hindman from Randolph-Macon College. John was named to the Dean's List for the spring semester.

Mr. and Mrs. Edroy Curtis of Mechanic Falls were Monday afternoon visitors here. Helen had supper with me while Edroy was fishing.

To know someone here or there with whom you can feel there is understanding in spite of distance or thought unexpressed... that can make this earth a garden.

low for an outside arbitrator to make decisions on salary and employee benefits, and in many cases, this would incur tax increases to pay for it. Local control would be gone.

Second, the House voted to raise the minimum wage above the federal standard from \$3.35 an hour to \$3.50. The higher minimum wage will make Maine the only state in the union to exceed the federally established level.

This action is extremely damaging and callous disregard of the current situation in this state. The economic status of business and industry, in many cases is very weak. This places them at a further disadvantage to meet prices for goods and services set by their competition. For these reasons, I did not support the increase in the minimum wage.

Congratulations Seniors!!!

Telstar Regional High School seniors will celebrate their graduation this Friday evening. It will be the climax of a passage in each graduate's life. A glorious ending and a new beginning!

Let's keep it just that way with one additional word. A glorious and a safe beginning.

Talk is cheap but the message is gaining strength within this community. Don't Drink and Drive!!! We all know the carnage and senseless deaths that can result from overindulgence of alcohol. It is no longer a symbol of status. It is, rather, a symbol of pain and death.

Therefore, we congratulate the parents and friends of the students who are volunteering their time and encouraging a chemical free graduation party at the Racquetball Club in South Paris.

More importantly, we heartily congratulate the clear thinking participating students who have already established an excellent code of conduct for themselves. Your moral fiber will direct your future and your children's future.

BETHEL TOWN OFFICE

schedule for necessary expansion. The Board noted that the Governor signed LD 1258, "An act for the Town of Bethel to acquire the assets and liabilities of the Bethel Water District," into law on May 17. This act authorizes the Town Clerk to conduct a referendum vote in November to see what action the Town will take on the matter.

Meanwhile the Town Office Staff and Water District representatives are working to complete a feasibility study on combining the district as a department under the Selectmen. The results of the study will be available to the public by early fall and will be the basis of a recommendation by the Board of Selectmen on the question.

In other action, the Board granted two new concealed weapons permits, abated certain uncollectible ambulance bills, voted to renew the lease for three years for the use of a gravel pit on the Northwest Bethel Road, and directed the Treasurer/Tax Collector and Town Manager to prepare a recommended schedule for the Board's review regarding the tax clubs, semi-annual billing, and a change in the fiscal year. The Board received reports from the Manager regarding the current material status of the grader and riding mower, police manpower and progress to renew the lease at the School Bus Garage to house the ambulances.

The Board of Selectmen will meet again Monday, June 20, at 7 p. m., in the Town Office Meeting Room.

The Selectmen also voted on Monday evening to meet once in July and once in August unless a special meeting is called by the Manager or the Board chairman.

The following projects were approved for the year:

Long range: prepare to implement next phase of solid waste

Other Projects: Construction of traffic islands at intersections of Main/Broad/Church/Mill Hill and Route 26/Main; prepare trailer park ordinance; continue development of town office records system that will permit both cost accountability and cost centering approaches; continue study of feasibility of centralized purchasing; continue upgrading street lights; complete implementation of street numbering project; conclude franchise with a Cable TV vendor.

This list does not include all projects but will serve as a reminder of those projects which have priority.
